# Dance Class for 2's! For Girls & Boys

Does your little one bop and sing every time music plays? Channel that love into his/her first dance class!

Dance & Music Design School's 2 year old class is a wonderful way to introduce all the ways the body can move and relate to music. The class will cover all the basic dance steps; walking on tip-toe, marching, galloping sideways and forward, hops on one foot and skips. Basic floor patterns are covered: moving in a circle, diagonal, and free floor patterns. Basic dance and academic concepts are introduced: dancing at various heights and speed, making letter shapes with our bodies and learning to listen to musical cues. All the exercises are danced to friendly music with an emphasis on creativity. This class is perfect for toddlers looking for a group experience.

Each class is limited in size to only 8 dancers.

Parents will receive 2 free tickets to our year end show in June. This 1 1/2 hour show is the perfect introduction to live dance for your toddler.

## Dance Class for 3's For Girls & Boys!

Dance & Music Design School offers a unique approach to teaching young kids to dance. Each class is story-based and often combines a popular children's book, from traveling to a castle to dragons learning to swish their tail, even painting colors in a black and white world. Why have your child take a class where they stand in lines memorizing terminology when your dancer can be a tight rope walker in a circus or take a safari trip? This class will keep your child active, engaged and loving dance.

This is the perfect class for your pre-K 3 year old; dancers attend class one day a week. The basic foundation of dance is taught using kid friendly imagery and story lines. Music recognition is taught as well as basic body alignment. At Dance & Music Design School our teachers understand the need for this age group to move. All of the exercises have dance steps that encourage movement, as opposed to traditional dance classes that demand standing at the barre or in lines for extended periods of time. While our classes are imaginative and creative, each exercise will lay the foundation for more complex dance training in years to come.

Each class is limited in size to only 8 dancers.

Parents will receive 2 free tickets to our year end show in June. This 1 1/2 hour show is the perfect introduction to live dance for your child.
